The Great Transformation is a book by Karl Polanyi, a Hungarian-American political economist. First published in 1944 by Farrar & Rinehart, it deals with the social and political upheavals that took place in England during the rise of the market economy. Polanyi contends that the modern market economy and the modern nation-state should be understood not as discrete elements but as the single human invention he calls the "Market Society". A distinguishing characteristic of the "Market Society" is

~~The Great Transformation (book) - Wikipedia~~

Karl Polanyi (1886-1964) is considered one of the twentieth century's most discerning economic historians. He left his position as senior editor of Vienna's leading financial and economic weekly in 1933, became a British citizen, taught adult extension programs for Oxford and London Universities, and held visiting chairs at Bennington College and Columbia University.

~~The Great Transformation: The Political and Economic ...~~

In this classic work of economic history and social theory, Karl Polanyi analyzes the economic and social changes brought about by the "great transformation" of the Industrial Revolution. His analysis explains not only the deficiencies of the self-regulating market, but the potentially dire social consequences of untempered market capitalism.

~~The Great Transformation: The Political and Economic ...~~

Polanyi wrote The Great Transformation before modern econo mists clarified the limitations of self-regulating markets. Today, there is no respectable intellectual support for the proposition that markets, by themselves, lead to efficient, let alone equitable outcomes. When ever information is imperfect or markets are incomplete—that is, es
