This book is written for middle and high school Spanish teachers. Its subject matter covers material normally taught in first year Spanish class. The book is divided into 10 parts. There are 31 lessons each one preceded by its objective, its method of accomplishment, and its outcome. Most of the 40 exercises have 20 or more items. Each exercise is accompanied by its solution. The modular design of each lesson enables it to stand on its own so you can easily fit it into your teaching schedule and curriculum instead of the other way around. This structure also makes it ideally suited for review. My unique 3-step approach to conjugating regular verbs, enables the student to easily grasp the mechanics of the operation, and, when necessary, enables her/him to diagnose and correct errors. You will find a verb bank of regular verbs, a verb bank of reflexive verbs, ample listings of stem-changing verbs, a listing of popular activities, a pronunciation guide to high frequency words, and two appendices.

This elementary Latin course for 7-10 year olds combines a basic introduction to the Latin language with material on the history and culture of Roman Britain. Highly illustrated, the book contains a mixture of stories and myths, grammar explanations and exercises, and background cultural information. Pupils are drawn into the material as they read about the lives of a family living in a community at Vindolanda; the adventures of the children and the family cat and mouse provide interest throughout. As well as offering a lively introduction to Latin and classical studies, *Minimus* also has cross-curricular relevance. The material on the community at Vindolanda can be used to supplement studies of the Romans at KS2. The grammatical content helps to develop language awareness, and provides a solid foundation from which learners can progress to further English or foreign language studies. The Teacher's Resource Book provides support, particularly for non-Classicalists. It includes teaching guidelines, English translations of the Latin passages, and additional background information, plus photocopiable worksheets.
